Make home attractive for the children and they will not hunger for the attractions of the street. Children are not interested in market quotations or the latest discussions or the latest scandals. They require diversions suitable to their age, and when these diversions are not to be had in the home their minds naturally turn to where they are to be found. Parents who understand this have little difficulty in controlling their children and making them a credit to the community.

"Wild Cats" and Blue Sky Laws

THESE have been receiving considerable attention in the newspapers recently, principally because "wildcat schemes" parading in the guise of "investments," have been taking millions of dollars from people who can ill afford to lose them. Don't be victimized. These schemes haven't a chance in the world of paying dividends.

Play safe—Keep your money in a savings account until such time as you can buy bonds or other high class securities. We will be glad to assist you in making your investments and will procure for you bonds of the same high character that we would buy for our own account.

It's the Very Same Smoke You Get From the Smoke House—

Wright's Condensed smoke is exactly what the name indicates—condensed smoke from choice hickory wood—real smoke with nothing at all added. But it's better than the smoke house smoke because it is never contaminated by dust, ashes or soot. And it penetrates the meat deeper and more evenly, insuring better flavor and keeping qualities. Skippers and insects never bother meat smoked with—

Wright's Condensed Smoke

The smoke house process takes DAYS and requires no end of watching and tending. The Wright's Smoke method is a matter of MINUTES only—no waiting, no trouble, no fire danger.

Sugar Cure Your Hams and Bacons

With Wright's Ham Pickle you can easily produce delicious, fancy, sugar-cured meats, equal to the finest on the market. Just mix the Ham Pickle with common salt and use dry pack or brine, as you prefer. It isn't a bit more trouble than the old-fashioned, unpalatable plain salt cure, but what a wonderful difference it makes in texture and taste.

Wright's Ham Pickle

Is a perfect cure for pork, beef or mutton. A combination of pure curing and preserving ingredients, as wholesome as the meat itself. Warranted to be absolutely harmless.
